COURTSHIP'S EASY VICTORY.

Lester Defeats Mackintosh and Arnica in the Third.

BRIGHTON BEACH RACE TRACE, July 18. The Brighton management certainly is hav-ing great good luck in the matter of attendance. Since the meeting opened there has not been a day when there have been less an 6,000 people present. To-day, though he worst in the racing week, was no excepton to the rule. There were at least 8,000 ople present and the stand and betting ring incomfortably crowded. The weather was line and the track in first-class shape.

The opening event was a dash of five furmgs. Airtight and Polydora opened up even vorites. The former was backed down sevral points, while the latter receded from 2 to to 1. Ella was third enoice, but she went mck to 8 to 1. Marcel was the good thing, being pounded down from 10 to 1 to 3 to 1. he race was an easy victory for Polydora, who ran under a pull to the turn, where lint cut her loose and won easily. King rthur, an outsider, just nipped Airtight on post and won second money.

Maria Stoops and the Bounce filly were the ces in the five-furlong dash for two-yeards. They were well played. Courtship nd Lisbon Maid also had strong following. and Lisbon Maid also and strong following. Courtship landed the money easily from the lounce filly. Marcucrite, an outsider, was lit d. Lisbon Maid was left at the post-lester and Arnica were the choice of the talent in the third event and opinion was about evenly divided at the end. Lester was a slight favorite, and be justified the opinion of his backers by winning handily. Mackintash, third choice, beat Arnica easily for the place.

Opinion Divided in the Case of Eugene Leigh.

NOW FOR FOUR-MILE RACES.

Chicago May Have a New Track Next Year.

The case of Engene Leigh, who was warned to take his horses from the Brighton Beach race track, still excites a great deal of interest. So far as the writer can learn opinion seems to be divided regarding the verdict given in this gentleman's case. There are people who believe that the ruling of the Association was not severe enough, while others intimately acquainted with Leigh declare in positive terms that the turi-man has always been "on the level" and did not connive at fraud, as is charged. Mr. Leigh asked to have his then issued a long statement through the press in order that the public may judge for itself as to whether the decision in his case was or was not just. Space does not permit the printing of the statement in this column. Briefly, Mr. Leigh produces evidence to prove that he bet on Inferno, Gambler and Ma Beile on July 13. WRECKED ON ROMER SHOALS.

A despotch from Chicago says: There may be another race track in Chicago lext year, one built, owned and occupied by an organization of horse breeders and owners, who will take this means of redressing their accumulated grievances against Washington Park, saved four persons from drowning whom he found almost exhausted on the Romer Shoals. They were out in Rockaway linlet in a small boat, which capstred on the shoals, and but for the timely arrival of Capt. Cornell they would have perished.

Their names have not yet been learned.
